

STRESS-OUT

Immune Response Supplement

STRESS-OUT combines the benefits of live active yeast and yeast cell wall extract in one product. Live active yeast has numerous proven benefits in the livestock industry in helping to prevent acidosis and stimulate growth of beneficial lactic acid consuming bacteria. Yeast cell wall extract improves growth and production in the livestock industry by enhancing the animal's immune response and eliminating harmful bacteria from the gut. This powerful combination enhances immunity and digestion for a healthier cow better and increased production. For use in beef and dairy cattle.

Guaranteed Analysis

(minimum guarantees unless otherwise stated)

- Total Microorganisms (min)1 x 10⁸ *cfu/gm
(*Lactobacillus acidophilus*, *Enterococcus faecium*, *Bifidobacterium animalis*, *Bifidobacterium longum*)
- *Saccharomyces cerevisiae* (min) 400million *cfu/gm

Ingredients

Yeast extract, Active Dry Yeast (*Saccharomyces cerevisiae*), microbials dried *Lactobacillus acidophilus* fermentation product, dried *Enterococcus faecium* fermentation product, dried *Bifidobacterium animalis* fermentation product, dried *Bifidobacterium longum* fermentation product

Yeast Cell Wall Extract

- Moisture.....<8%
- Protein.....<10%

Feeding Recommendations

- 12 KG per ton of liquid feed
For specific feeding recommendations, always consult with a nutrition advisor.

Storage & Handling

- Store product in a cool dry area. Avoid inhalation.
- Shelf life: 24 months from date of manufacture.

Ordering & Technical Information

- Packaging: 12 KG or 26 lb. boxes.
- Customer Service: 972.996.6965, Ext: 105 or email: info@feedsources.com
