

FS Fusion[®]

by Feed Sources

An economical solution for dairy producers to protect their cows from compromised feed quality.

Mold, yeast, and mycotoxins cause a multitude of issues such as digestive disorders, immune suppression, and lower reproductive performance. With the propriety combination of yeast, bentonite, and cell wall, FS Fusion[®] protects the rumen and supports high production through healthy cows.

GUARANTEED ANALYSIS:

(Minimum guarantees unless otherwise stated)

Saccharomyces cerevisiae (min) 10 Billion *CFU/g

INGREDIENTS:

Yeast Extract, Bentonite, Active Dried Yeast (*Saccharomyces cerevisiae*)

FEEDING RECOMMENDATIONS:

FS Fusion is for incorporation into animal feeds. Use at a rate of 0.5 oz./head/day depending on animal species. Please consult feed sources or your nutritionist for specific recommendations.

STORAGE & HANDLING:

- Store product in a cool, dry area
- Keep tightly closed when not in use with minimum exposure to moisture and air
- Shelf life: 24 months from receipt of product when stored in originally sealed package

ADVISORY STATEMENT:

Avoid inhalation of dust. Wear a mask in case of inadequate ventilation. Wash hands thoroughly after handling. If experiencing respiratory difficulty seek medical attention.

ORDERING & TECHNICAL INFORMATION:

- Packaging: 50 lb bags
