

FS Max[®]

by Feed Sources

Constructed to protect against anti-nutritive factors and to support the rumen and hind gut for recovery from insults due to off-quality feeds.

The yeast and yeast extract, bentonite, and *Bacillus subtilis* components in FS Max[®] are formulated to guard from mold, yeast, and mycotoxins commonly found in feeds. The probiotics and enzymes allow the rumen and hind gut to return to normal function for high production.

INGREDIENTS:

Yeast Extract, Bentonite, Active Dry Yeast (*Saccharomyces cerevisiae*), Dried *Lactobacillus acidophilus* Fermentation Product, Dried *Enterococcus faecium* Fermentation Product, Dried *Bifidobacterium animalis* Fermentation Product, Dried *Bifidobacterium longum* Fermentation Product.

GUARANTEED ANALYSIS:

(Minimum guarantees unless otherwise stated)

Total microorganisms 10.14×10^8 *CFU/0.5 oz.
(*Lactobacillus acidophilus*, *Bacillus subtilis*, *Enterococcus faecium*, *Bifidobacterium animalis*, *Bifidobacterium longum*)

Saccharomyces cerevisiae (min) 10 Billion CFU/0.5 oz.

SUGGESTED USE:

FS Max is intended for incorporation into dairy cattle feed.

FEEDING RECOMMENDATIONS:

Feed in an amount not to exceed 0.5% in total ration.

Dairy Cattle: 0.5 oz./head/day

Consult your nutritionist or Feed Sources for specific recommendations.

STORAGE & HANDLING:

- Store product in a cool, dry area
- Keep tightly closed when not in use with minimum exposure to moisture and air
- Shelf life: 24 months from receipt of product when stored in originally sealed package

ADVISORY STATEMENT:

Avoid inhalation of dust. Wear a mask in case of inadequate ventilation. Wash hands thoroughly after handling. If experiencing respiratory difficulty seek medical attention.

ORDERING & TECHNICAL INFORMATION:

- Packaging: 50 lb bags
